The Pioche correspondent of the a peared in last week's Record calls Statutes relating to elections, and says. "We quote from Section 1614 of our new Compiled laws as amended in 1889, page 42, which in our judgment implicitly repealed the law he has reference to."

Judge C. E. Mack of the First Judicial District of Nevada in a decision lust month at Virginia City, in a case where one candidate for the office of Commissioner contested the seat of another, rendered his decision under section 2116 of our new compiled laws, and which we quoted in our last issue. As Judge Mack is one of our brighest jurist and is held in the highest estimation by the bar, we do not believe he would refer to Section 2116 in rendering his decision, if it had been repealed as the Pioche correspondent states.

We will take Judge Mack's judgment against that of the tion Fund about \$14,000, and the Pioche correspondent and would-belegal luminary of the world, and also thank him for his liberality in Mr. Jas. Lanter of Cave Valley not charging us for his advice.

Accidentally Killed.

Jas Pagliero was accidently killed in the Horse Shoe mine at Fay City on the morning of the 18th of Nov ember. It seems from the testimony of the parties that were with him when the accident occurred that he got on the skip at the 100 foot level first and two other men followed and the skip was rung up. It had run but a few seconds when one of the men, Jas. Cuno, felt something grab his leg; Cuno held on with the right hand and extended his left hand grabbing Pagliero by the coat collar, her. but could not hold him, so he dropped to the bottom of the shaft, a distance of two hundred feet.

An inquest was held the same afternoon before Justice Bennett and the following verdict was rendered. In the Justices Court of Deer-

lodge Township, Lincoln County. Nevada, Verdict of jury called by H. Bennett ex-offico Coroner to determine the death of Jas. Pagliero. "We find that the deceased, Jas.

Pagliero is a native of Italy, single and 25 years of age and met his death by accident due to his own carelessness when riding upon the skip of the Horseshoe Gold Mining Company and from the testimony we believe the Horse Shoe Company is entirely exonorated from all blame and responsibility for his death." signed by Ben. An important strike was made in the Comet mine last Saturday by Mark Churich who is doing the assessment work on the same for Mr. E. F. Freudenthal. Work will be prosecuted on the mine, and should it show up a little more it will be the

means of more work going on there. The wood contractor of Panaca in a communication to the Board of County Commissioners gave it as his reason that no time was stipulated in which the wood was to be delivered at the Court House. In view of the fact that the contract was let two mouths ago and no effort was made on his part to deliver the wood watch. Surprise Party

A suprise party was given to Miss Annie Clinton, the newly elected Superintendent of Schools, by the adies on Saturday evening, and a most enjoyable time was had by state of Utah, at rate of one far for those present. As no gentlemen were invited, we are unable to give the many initiations and other good things that happened during the evening as a send off to the first woman elected to office in the State of Nevada, but we will be safe in saying that they were legion and all did honor to the occasion. A bounteous repast was served in the dining room at 12 o'clock, at which time a couple of hob-goblins dropped in to partake of the same, and the initiation they received they will remember for many days. The party broke up at 2 o'clock with many congratulations for our new School Superintendent.

Try This Puzzle.

Take a long slip of paper and draw a line with a pen of pencil along the whole of its center. Then turn one of the ends so as to give it a twist. Gum the ends together, take a pair of sissors and cut the circle of the paper right along the lines you have drawn, and you have-two circles, did you say? Try it and see. This is a puzzle with a puzzle and has never been satisfactorily explained.

----A Slight Mixup.

It is gravely asserted by a contemporary that a compositor on a Halifax, N. S., paper mixed up a marriage notice and a grocer's advertisement in such a manner that it ran as

"John Brown and Ida Gray were united in holy sauerkraut by the quart or barrel. Mr. Brown is a well-known young codfish at 10e per pound, while the bride Miss. Gray, has some nice pig's feet which will be sold cheaper than any other "

-Reno Ledger. When you come home late at night and she accuses you of having done that which she has repeatedly complained of before, you can, very readily, convince her of her error by repeating to her the following simple lines: As I was crossing Brooklyn bridge, I saw five brave maids sitting upon five broad beds braiding broad braids. Said I to these five brave maids, sitting upon five broad beds braiding broad braids, "braid broad braids brave maids!"
